The concept of *tango* has given us not only a rich variety of associated dances but much wonderful music as well.

In preparing a recording project for Itzhak Perlman a few years ago, I was delighted to be able to include a tango and decided to arrange the popular "Por Una Cabeza" for violin and orchestra.

This magical music provides a wonderful framework for a violinist to display his or her artistry, and of course Mr. Perlman, as he always does, brought to his performance great imagination, color and joy!

John Williams
